Release Notes:

SoftDent Practice Management Software v19.1.3

SoftDent Scheduler Practice Management Software v119.1.3

The following is a list of enhancements included and issues addressed in SoftDent v19.1.3/119.1.3. All fixes are cumulative (each new release contains all new fixes as well as all fixes from the previous release).

Enhancements

The following is a list of enhancements included in SoftDent v19.1.3/119.1.3.

CDT-2024 Codes Installation

The latest edition of the Current Dental Terminology (CDT) codes is included with this version of SoftDent. When the 2024 CDT codes are installed, the following things occur:

- Fourteen new codes are added to the database.
- Eight new categories are added to the database.
- Two codes have revisions.

2024 ADA Form

The 2024 ADA Form is now available. To select and use the form, see the online help or the SoftDent 2024 CDT Code Installation Guide in the Resource Library.

Customer-Reported Defects Fixed in SoftDent v19.1.3/ 119.1.3

The following is a list of issues addressed in SoftDent v19.1.3/119.1.3.

"Practice Central Generator Could Not Connect with the SDTaskManager on the Server (Host) Machine" Message

A defect that caused users to receive a "Practice Central Generator Could Not Connect with the SDTaskManager on the Server (Host) Machine" message has been fixed in SoftDent v19.1.3/119.1.3.

Insurance Companies and Plan Details Randomly Changing

A defect in which an insurance company associated with a given plan or plans is being changed without any action by the staff has been fixed in SoftDent v19.1.3/119.1.3.

PEARL Is Not Compatible with Server 2020
