

Release Notes:

SoftDent Practice Management Software v19.1.4

SoftDent Scheduler Practice Management Software v119.1.4

The following is a list of enhancements included and issues addressed in SoftDent v19.1.4/119.1.4.

Enhancements

The following enhancements are included in SoftDent v19.1.4/119.1.4:

CDT-2026 Codes Installation

The latest edition of the Current Dental Terminology (CDT) code set is included with this version of SoftDent. The 2026 CDT code set includes 31 new codes, 14 code revisions, and 6 code deletions.

ePayments / Payment Manager: Bulk Credit Card Insurance Payments

SoftDent customers using ePayments (v1) or Payment Manager (v3) can now accept Insurance company credit cards to process Bulk Insurance Payments. Codes 11.93, 12.93, 13.93, and 14.93 are enabled for Bulk Insurance Payments.

Customer-Reported Defects Fixed in SoftDent v19.1.4/ 119.1.4

The following issues were addressed in SoftDent v19.1.4/119.1.4:

FMS File Creation Date Error

An issue with the FMS file Creation Date in CSI v8.0 has been corrected.

Rights by User Interface Error

An unexpected error with the Rights by User interface for creating strong passwords has been corrected.

DCM Image Cropping Issue

An issue some Imaging customers were experiencing with displaying the cropping mask/cropped image has been corrected.

Duplicate Thumbnails for Imaging Customers

An issue with the creation of duplicate thumbnails for customers using RVG and 3D images has been corrected.

Insurance Column on Collection Summary Report

The Collection Summary Report column INS. CHK has been renamed to INS. PAY, to reflect collection of checks and credit card payments from an Insurance Company.

Delete Old Image Utility

This utility (DelOldImage.exe) has been updated to enable deleting images more than five years old.

Insurance Form 203 and 208 Error

An error received when printing INS 203 and INS 208 has been corrected.

2024 ADA Form

An issue with an X printing outside the appropriate box when submitting pre-authorizations has been corrected in the 2024 ADA form.

Routing Slip Date Range Error

An issue causing Routing Slips printed for a date range to print as multiple print jobs has been corrected.

Help Link Error

An error with the internal link to the SoftDent Help has been corrected.
